

Files for Reproducing the Main Government Spending Results from “Macroeconomic Shocks and Their Propagation”

Forthcoming *Handbook of Macroeconomics*

By Valerie A. Ramey

All programs use data from **homgovdat.xlsx**.

The graph are created using **graphfstat.do** and **graphirf.do**, using the results from **Multiplierirfs.xlsx** .

Note that you must change the parameters in the program to run things for each shock and each sample.

Figure	Program
